

REA ANN SILVA

INVENTOR

From a young age, Rea Ann Silva loved experimenting with colors and makeup. Her passion led her to create a groundbreaking makeup invention: the BeautyBlender, which quickly became a must-have tool for makeup enthusiasts and professionals. Its unique shape and texture makes applying makeup easier and more fun. Rea Ann's skills as a makeup artist also caught the attention of celebrities and models, and she is an in-demand artist for events and photoshoots. She also started her own makeup brand, offering products for all skin types and ages. Beyond her work, Rea Ann enjoys sharing her beauty tips and tricks on social media, helping others feel confident and beautiful.
